Sketch 10 Doctor Kirby

Click on Kirby to throw pills at enemies

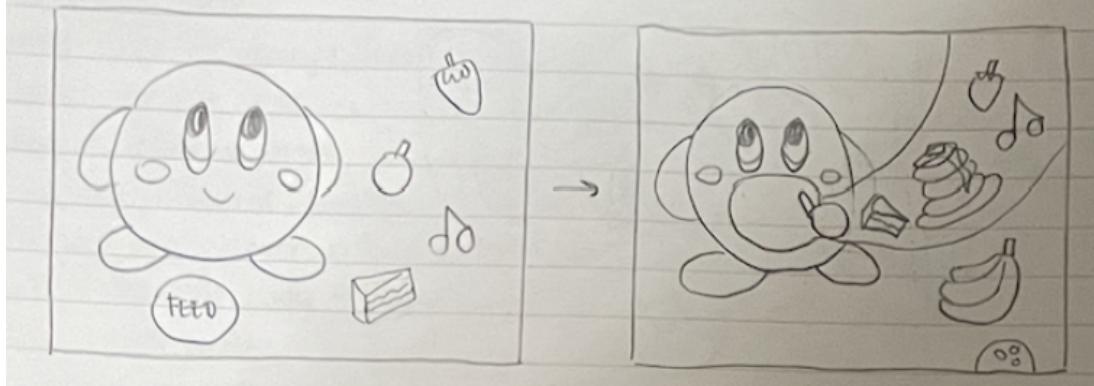

Enemy dies and disappears

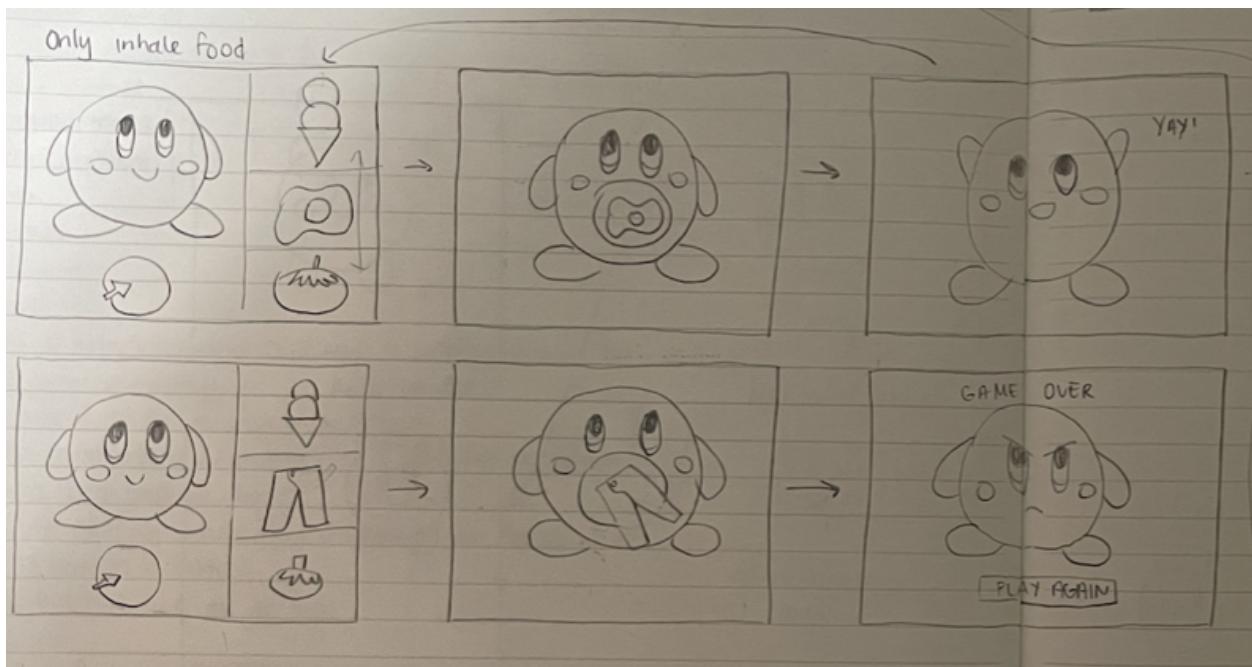

Boss will appear once  
a certain amount  
of regular enemies are  
defeated. Takes 5-10  
pills to defeat.

9) Variation 1 - Press the button and Kirby inhales the food beside him

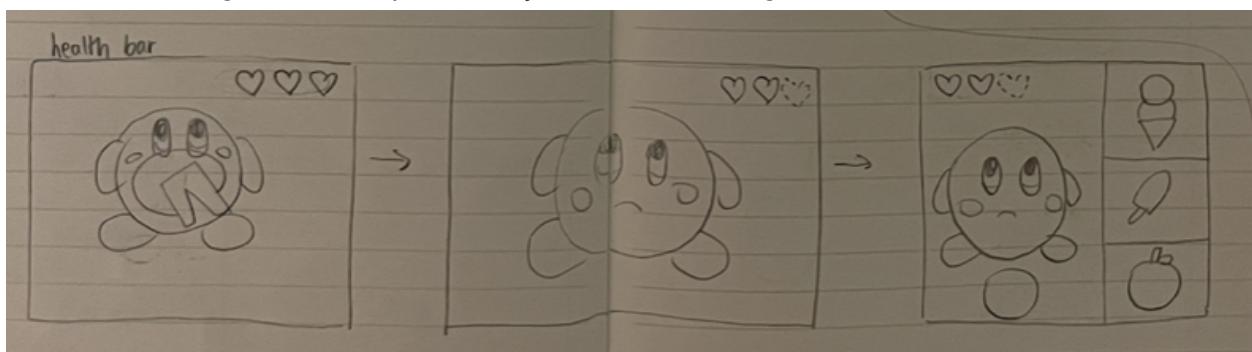

④ Press button for food to be inhaled

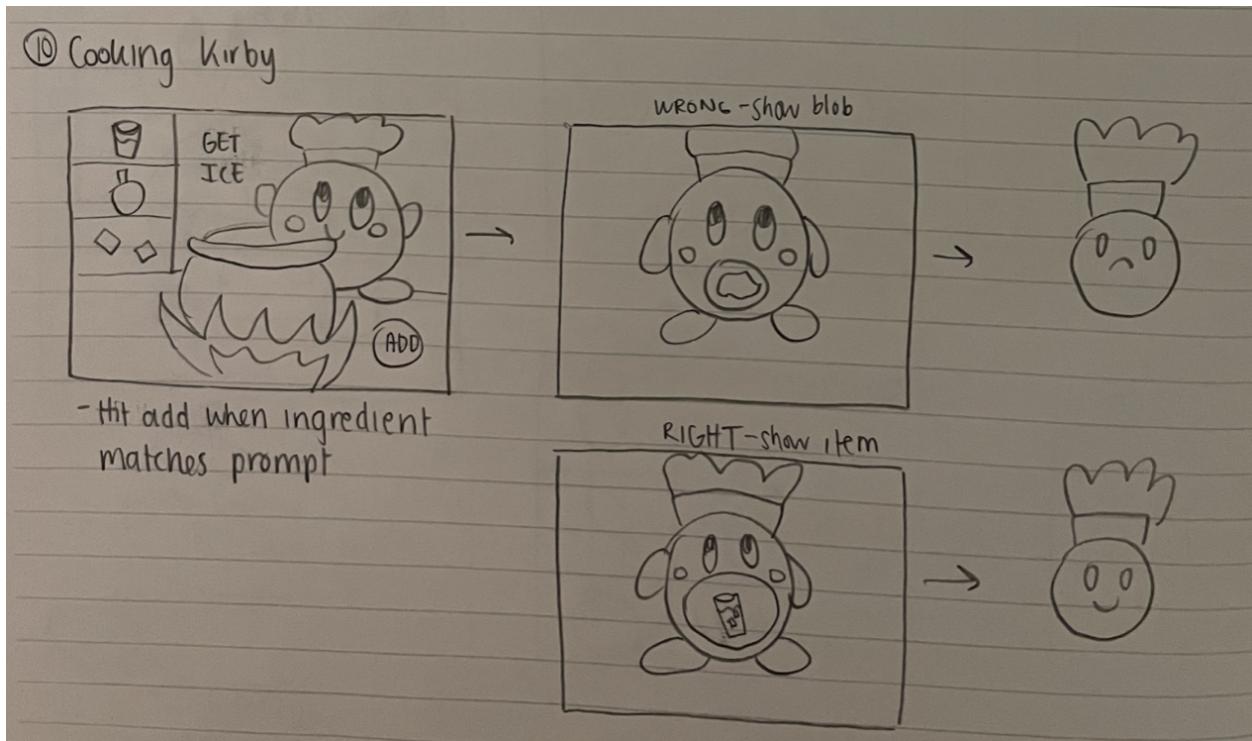

Variation 2 - Items on the right scroll downwards on their own and pressing the button makes Kirby eat the item in the middle. Eating food leads to a positive message. Eating non-food leads to a 'Game Over' message.

Variation 3 - Eating non-food depletes Kirby's health. Resume game until no lives left.

Item to be cooked is displayed at the start and then prompts follow on the screen to make the item.

Pressing the add button leads to adding the ingredient in the middle of the left panel. Items that should not have been added result in Kirby eating a blob. The right combination of items lets Kirby eat the actual item.
